

Interactive Experience Project Plan

Project Details

Project Title	Zombie Survival
Experience Type	Fiction, Escape, Survival

Concept

You are trapped in your house after a zombie apocalypse started, you have to figure out how to get out of the country.

Progression

Introduction

The player learns that they have woken up and a zombie apocalypse has started, and that the only reason that the reader has survived this long is because they're on the top floor of an apartment building, and the zombies haven't gotten up that far yet.

Development

The major challenges that occur are choosing how you escape and avoid all the different types of zombies, do you grab weapons and fight them off? Do you get in a car and drive as far as possible? Do you take the sewers to escape?

Conclusion

If the characters dies/gets turned into a zombie or if the character continues to evade the zombies

Major Choices

Situation	User Choices	What Happens Next
You are trapped in your apartment building	Exit the room through the doorway Climb out of your window to the fire escape	If you exit you will be chased through the hallways by zombies and there will be chances to grab supplies from other hotel rooms If you go down the fire escape you will then be on the street with a bunch of zombies
You are now in the underground railway station	Follow the railway tunnels Go check the janitors closet	You continue on down the tunnels leading to more choices A zombie leaps out at you and bites you unless you have a weapon to fend it off
A horde of zombies is chasing you	You can run into the gun store You can run to the nearest car and hope it works	There are no weapons in the gun store that you can see in the main area, so from here there are more choices
You see a man being cornered by zombies	You can go try to fend them off him with weapons You can leave him	You might be able to kill the zombies depending on your weapons and get a friend You continue on your journey

Data to Track

Information	Example Value	Why the Program Needs It
Weapons	Baseball bat, pistol	So that the player can fight off zombies if they need too
Ammo	10, 100	So that the player cant shoot zombies infinitely

Injuries	Zombie bite, broken leg, large gash	So that the player doesn't die instantly to everything and has a reason to use supplies later
Supplies	2 Bandages, 1 pair of boltcutters	So that the player can use other items and heal themselves

Flow

Minimum Viable Product (MVP)

Check the boxes to confirm that the experience plan would result in a Minimum Viable Product.

- ☒ ~~Introduces the setting, player role, and goal clearly.~~
- ☒ ~~Accepts and responds to user input.~~
- ☒ ~~Tracks data or information.~~
- ☒ ~~Changes what happens based on at least one earlier choice.~~
- ☒ ~~Includes at least two possible endings.~~
- ☒ ~~Provides clear instructions and valid choice options.~~
- ☒ ~~Can be played from beginning to end without getting stuck.~~
